

The decoder is capable of playing Super Audio CD ISO images, DSDIFF, DSF and DSD WavPack files. Direct DSD playback for compatible devices. Separate playback of DSD ... And MP3 on PC using Wolfson emulators. CD decoding with the M-DAX2 chip. Supports PCM- and DSD-formats decoding, as well as simultaneous playback of two audio streams. For PC users, the PC-Audio program allows controlling the decoding and setting of all basic parameters. The decoder can be connected to an external device to playback MP3 files or use it as a standard player (you just need to add a driver for that).
