## BitBreaker Full Version Free Download

### Download Setup + Crack

BREAKTHROUGH, the game, sees you as a spaceship on a mission to destroy all the bits. Bits are closing in on your spaceship in an attempt to blast you into oblivion. Stop them to unlock new spaceships! Bits are your enemies. You must destroy them to win the game. Go forward, collect power ups, avoid boobies and don't fall off the screen. Which asteroids should you move to collect coins? Diamonds are your friends, they will give you credits, lives and unlock new ships. What new ships are you after? Laser ships allow you to destroy all bits on screen Rocket Ships allow you to destroy all bits without touching the ground Clone Ships allow you to transform into a mech and blast those boobies to bits \* UPDATE \* Boobies are now trying to destroy you with chainsaws. Power Ups: Lasers - a blast of light that will kill a single bit Rockets - get moving! You can use rockets to destroy any bit on screen. Clones - Transform into a mech and destroy all bits. Clone animation - a new clone mech will spawn. Dynamite - will explode all bits on screen Colours - the time limit for this power up is an hour. Coin Mode - a new mode is now available. Collect a number of coins to unlock new ships. Spaceships: Unlocked ships will be available in the in-game menu. How to Play: Gamepad or Keyboard + Gamepad Support Touchscreen support with on-screen control pad (Vive, SteamVR and UWP ) The key to winning is to avoid boobies. Stuck? Hit the pause button to stop the game. When you hit the space bar, the game will resume after a short pause. You can use Up/Down to move the player, A/B to fire, Q/E to transform, and 'R' to rotate. Extra Features: Getting trapped in a boobie trap? Press 'E' to
