Key Features: GO FOR THE SWEEP - The new 'Pick and Roll' method allows for players to be able to drag the ball into space before moving into a sprint, so the player can attack with a sprint. - New to 'Pick and Roll' is the option to rotate the player in, allowing for more pass angles and the ability to put greater pressure on the opposition. - When the opponent has come out to press, the player is able to drag the ball into space and run towards the ball. RUN, CROSS, AND THROW - The ball control system has been improved and now presents players with more options to dribble past the opponent, while more options are included for the goalkeeper to cut off passes and throws. - A new target-hitting-zone system has been added, so players can compete for space more effectively around the penalty box. - The addition of angled shots has enabled players to bend more balls around the goal. ENHANCE THE CLOSE-UP - A new animation system allows for more realistic goalkeeping challenges to take place when players are challenged in-play. - Defenders are able to physically knock balls away from the goalkeeper's goal line when attempting to clear a ball. - Goalkeepers are able to dive into balls and take the ball away from the player. - A new "Contact" minigame has been included, allowing the goalkeeper to physically clear the ball from the goal line. - This provides greater variation to the goalkeeper minigame, when there is the potential to make a match-winning save. - An overall revamped pass and run animation has been added to players' goalkeeping challenges, which now feels more realistic and ensures that the player's posture and movement will be different when going into a challenge. DEFEND AWAY, WITH VIRTUAL OBSTACLES - Defenders and midfielders are now able to defend away from the opponent when virtual walls are in the way. - Defenders will now try to defend and look to compete for space as they do with the ball in front of them. WHAT'S NEW TO THE ANIMATION SYSTEM - Goalscorers are able to execute more creative set pieces with the goal scoring animation improved for more realistic goal scoring. - Players receive better
