### **Features Key:**

- Career Mode
- Stunning new gameplay engine powered by EA SPORTS RADICON which delivers a massive leap forward for the brand new “HyperMotion Technology”: a new set of animation systems and player movement, and a new physics model, for truly lifelike, high-intensity gameplay. FIFA 22 blows open the entire player movement system and will revolutionise the way players control the ball.
- Complete Player Movements Capture every single move your players make, from individual steps, turns and feints; fill in missing animations with over 40,000 animations and thousands of recorded motions. Matches with low player count will allow you to perfect every movement for max impact.
- All-new Player Behaviour Create tactics and play styles anywhere, and match incoming players against your creations.
- New Ways to Play with all new Creative Timing: customise your game by adjusting Shot Point Life, Skill Point Life, Gather Point Life and Pass Completion for the best-possible balance between maintaining your lead and capitalising on chances.
- Visual Settings Customisation: customise the style of your matches with a multitude of customisable player kits, kits packs, stadium styles, kits, goalkeepers and more.
- Spectating Spatial Adjustments: put yourself in the match by adjusting individual opponent and location cards based on their position on the field.
- Play your way: customise tactics for an optimal match-up, then adjust game settings for an optimal playstyle. Alter play styles on the fly as challenges arise, then return to the tactical settings and adjust tactics again. This iterative approach is key to creating a level playing field for true pros and amateurs alike.
- New AI Teamplay: smarter, smarter play from other players at key moments in the game.
- A New Pressure System: balance pressure and reward with the pressure meter, and enhance the pace of the game with Pressure Shots.
- 22 New Players to Choose from: Hundreds of new player cards give you literally hundreds of new combinations. Rare International stars from around the world.
- Powerful New Substitutions: these are now much more efficient.
- New Goalkeeper Systems: Crouch Zones, Stamina, Reflex and Reaction.
