New years are great because you can spend a lot of time reflecting on the year that was and making plans for the future, but there are a few things that happen to you that you can't expect when you open the next year. For instance, did you know that you can be recognized in the metro by just the way you walk through a door? Why, did you recognize someone that you were so close to and not say "hello"? Congratulations, you have a blog. A blog is a great way to connect to the world and share your ideas. A blog gives you the power to make or break an organization or even change the status quo. Some people build a blog and just leave it, but others take it seriously, regularly putting in updates. A great way to engage with the world and bring your ideas to the masses is to build a blog. I'd like to tell you a bit about myself. I enjoy writing about technology and I'm passionate about writing. I'm also a musician and enjoy being a part of a live band. In my spare time, I enjoy playing XBox, trying out new technology, and hanging out with friends. The Adventure This will be my adventure in all things technology and the world of blogging. I have my own opinions and I challenge my ideas and the ideas of others. I've been reading news and blogs for a while and have been involved in social networking for almost a decade. I'm just as passionate about everything electronic as I am about writing. I hope you enjoy following me as I try to figure out what I'm doing and why I'm doing it.Calendar PAAM - Programs to encourage people with alzheimer's and dementia The Alzheimer's Association and the Department of Psychiatry and Behavioral Health at the University of New Mexico Health Sciences Center are partnering to offer programs to help people living with Alzheimer's disease and their family members through the disease. "Alzheimer's disease is the sixth leading cause of death in the United States and the leading cause of death among older adults. The disease is more prevalent in older Hispanic/Latinos and Native American populations compared to non-Hispanic Whites and African Americans. The most recent statistics show that people with Alzheimer's disease and other

Adam Scrambler is a fun and addictive game in which you have to help Adam run away from a bunch of creepy monsters. You can use the Sends and Receives of the Game Center to help. Gameplay The gameplay of Adam Scrambler is very similar to Tiny Thief. You can use both the arrow keys and the Tab key to move around. In this game the direction keys controls where the monsters will come from. You can press Enter to use the attack/spell button, or Spacebar to use the Send/Receive button. If you touch a monster and then try to send/receive messages using the Send/Receive button, the monster will use its attack move, resulting in a larger damage. The attack button is not available until you have pressed the Send/Receive button five times in a row. Reception Adam Scrambler currently has a 4.3 out of 5.0 rating on the iTunes Store, so you can understand why this game is the number one selling App today on the App Store, for the iPhone, iPad and iPod Touch. It is the first game from the United Kingdom that has made this number one position. Other Top Selling iPhone App Top Selling Games On The App Store Today What are some other fun games that you enjoy? Let us know in the comments below and we will make a Top 10 list.Q: Accessing Sqlite Database in Windows Phone 8 I'm new to Windows Phone 8 development.
