Download XFORCE KeyGen Xpress View v9.0.8.32 Iso Free v9.0.8 Iso Download (32-bit X64) the.For many years, “the” way to clean my DSLR and other camera gear was with a very simple gadget called the Quickie Spin dryer. It simply swirled the gear around in a glass dish until it was dry. This article is about a new and improved Quickie Spin Dryer, the X-Water — and that’s all it is, a quick spin dryer. How it works As I mentioned, it’s a quick spin dryer and I could put on a more technical explanation, but even though it’s not a technical article, I don’t want the explanation to be completely dry! So here’s how it works in very simple terms: There are two hooks on the bottom of the X-Water dish. At the front, a hole is carved out for the camera lens. This is so that water (and even salt water) can run off it as it spins. On the opposite end, there’s a swivel point that attaches the two hooks together. When you turn on the X-Water, it spins the camera around in it’s dry dish. The swivel point comes in handy here, because you can rotate the camera at a
