## **Features Key:**

- Five original adventures: Derrot The Goblin Bandit, Mother The Lost Traveler, Sniff The Snitch, The Escape The Impostor, The Tomb The Judge
- Play as all characters: Skeletons, Goblin Bandits, Lizards, Travelers, Impostors, Judge
- Randomly generated dungeons, level progression, map format different from the episode
- Fight wild creatures, investigate mysteries
- Collect item blueprints, improve equipment, make new unique items
- Hack the dungeon, enter the dungeon, retrieve the item from the bottom of the dungeon!

Blueprint System= And to make the gameplay more interesting. You have to hack locks to take pictures of the items and fix the glitches, making the game with the character to be perfect!

Diary System= And to talk about the game progress and other things.

Action System= To play and fight. of course.

Custom Dice System= to play and fight. of course.

**Important Note:These features are not integrated yet in the game.** They will be progressively included in subsequent build. **The ship is on the sea.** There is no more update on the information missing the complete information in the game.

---

**New Features:**

- New Master Sword: Of course, my interesting event. because it's the most useful and comfortable for the player.
- Glow in dungeon
- Rainbow Shadow
