At first you are given only 1 weapon as a reminder of what happens to those who use more than 1 weapon at a time. Throw them, use them or get out of the way and take out all the enemies before they get to you. But as you find more and more weapons and become more powerful, you will have to decide who are you on the planet and why, and how you use them. Can you protect everyone? Welcome to the Victorian and Edwardian Masseur Times! If you haven't heard of it yet, this is the place to come and meet famous and not-so-famous masseuses, get tips on how to hire a masseuse, and to read stories of love and romance that the masseuses have with their clients. Please note that the masseuses featured here are all consenting adults who are free to write the story of their experience with their masseuse. That said, some stories are steamier than others, and in some cases, they may contain sexually explicit content that is not appropriate for younger readers. This blog is intended for adults only and we'd love for you to follow along and read all of these stories, but the height of lust comes with the joy of love. *Disclaimer* This blog provides an interactive platform for the masseuses to post their stories without receiving financial reimbursement from the company. *** "I knew it, I knew that I had been getting a good hard-on at the end of massages and I had never wanted to tell anyone about it because I was afraid that they would think that I was a pervert. So, I had just been carrying it around for ages, planning my conquest that would never come. This time, though, I was determined. I knew that it was going to happen, and I was going to choose the best candidate that I could. It had to be the most beautiful woman that I could find, and I didn't care if I had to seduce every stranger that I came across." ***** "I was walking down the street when I saw Zaza sitting on a bench alone with her arms in her lap. She was watching a couple of boys playing hockey, so as I got closer, I decided that I'd ask her to be my masseuse for the day. The massages were fantastic, and she had such an open heart. So, when we parted ways after the 10 minute session, I had to be honest with her. 'I know that you're single Zaza, but will you listen to me for a moment?' I smiled at her and she scowled back at me. But, before she could reply, I dropped to my knees and let her know that she would be my main masseuse of the day.**
