want to join the biggest and only free scouter mailing list on the internet? want to earn karma points? want to share ideas? want to share e-mails with other scouter members? then i invite you to join winkawaks mailing list. i first joined the scout mails mailing list when i was a member of my first scouter site (jungle scout). at that time i couldn't express my opinions properly and couldn't ask for help when i wanted to, because i didn't have any idea how the system works. new! fullset style with winkawaks theme for neo geo mvs megadrive, sony playstation, the jump n' fly original, amstrad and more. all light style and with mega 32 bit background. this roms maybe not fully clean, but it works i made a new set of rom hacks for the winkawaks

---

series called winkawaks 1.62 fullset (the fullset means it covers the 1.64 version). i just want to mention that even if the game is very hard, it shouldn't be that hard, because i usually say that in the rom hacks that i do. i didn't work on this version for very long because i'm studying, i hope that i'll be able to finish it soon and be able to continue to develop new rom hacks for better games (i used to do the the legend of zelda: ocarina of time rom hacks). with this hack i'm trying to upgrade the idg257winkawaks to version 1.64, so if it breaks something on the game please check the fixes and try to replace the hacks or reinstall the original one. if you have any comments, problems or suggestions, please let me know. we have recently made a new set of the winkawaks fullset that includes 4 of the new romsht threads. there are 4 new threads made for the winks. you can't mix the winks and not get the full 4 colors

---

from the one winks. the fullset includes:  
1st color (black), 2nd color (red), 3rd  
color (blue) and 4th color (green). no  
more mixing the four colors with the four  
winks from the winks or the eyecontrols,  
you have to match the color with the  
color from the winks. you will be able to  
mix and match the winks and still get the  
4 colors! these are the new fullsets we  
have! we will also be offering the new  
threads for preorder as we come in stock!  
these come in "cherry" format that the  
winkawaks fullset does! this will be a final  
preorder. once in stock, they will be sold  
as colors or a fullset! 5ec8ef588b
