
Warcraft Iii Crack No Cd 13 ##BEST##

to someone you have to apply the patch, just downloading it wont work. i am not sure how because i never used the download but my guess is that u have to open it up(the download that is) or try to connect to bnet on frozen throne(which should give a download bar at 100% and will automatically update) zince u probably are unable to upen frozen throne BECAUSE it is not 1.21a, try downloading the 1.20e no cd crack from the internet and then open up and update frozen throen to 1.21 via opeinging bnet then put ur 1.21a no cd crack back in this is so complicated. my starcraft one worked under 2 min with bnet and everything. When frozenthron.exe is run it also runs war3.exe war3.exe checks for the cd Also when you try establishing a connection to B.net it validates your war3.exe folder. So when its cracked your screwed. Solution: load up warcraft with cracked war3.exe, minimize, move cracked war3.exe somewhere (cant delete cuz its in use) move correct war3.exe into warcraft III folder. and poof! B.net works Yup, the boys at Blizzard have done it again! Theyve released a new patch for Warcraft III Reign of Chaos and The Frozen Throne and now the version number has reached 1.21 a! I guess the epic Warcraft legacy continues in patch 1.21! Read legacy of the patches! While Im typing this, Im searching for a NO CD Crack for this patch so that I can run the game! Before you start blaming me for spreading piracy, lemme tell u that I no longer have my original Frozen Throne CD, it was wasted a long time ago, I only have a backup disk that requires a NO CD Crack to run the game. Hey, Ive found one! I hope this works with battle.net
