

March 2019 â€” alixgold f4bc01c98b . Unfortunately, or perhaps fortunately, we do not see people with disabilities in our environment. We do not see them, and if we do, we rather think that they are better than us in some way, although all people are equal and each person is valuable because he is the way he is. We do not think about what they feel, what their relatives and friends feel, but they feel ... They feel pain, resentment, despair, hopelessness, misunderstanding... And that's why their support is very important, maybe even vital.

In the USA there is such a thing as "Knowledge Consumption Insurance", something like insurance. Health insurance is not about me, but from cyber security - that's it. As you know, in the US there is cybercrime insurance. Its cost (for 2019) is more than \$35,000. As a rule, when applying for this insurance, all risks are shared between you and the insurance company. In the event of cyber attacks, the insurance company will reimburse you, but what if these losses exceed its insured amount? dd2bc28256
